

School Multi-Sport Day Schedule

The Rings makes delivering exciting sports programs easier for primary schools.

We host school multi-sport days where primary aged students have the opportunity to experience a number of activities across various sports, while receiving expert tuition from knowledgeable and friendly coaches.

Multi-sport days are a great way to celebrate the end of a school year.

The following is a sample schedule which can be adopted or amended to suit each school's specific requirements. Alternative sports can be made available including volleyball, tennis and hip hop dance.

Schedule

Students are split into groups on the day and will rotate through a series of activities. They will have the opportunity to try a new sport, develop new skills and most of all have fun!

The number of students will determine the number of groups/activity rotations. We can accommodate up to five groups. Please note: Minimum student numbers for a Sport Day is 80. Maximum student numbers for a Sport Day is 150 (split into five groups).
